Biography

Brigadier General Mohammad Alhrou, MBBS, F.A.C.S., is a highly accomplished surgeon specializing in laparoscopic and upper GI surgery. He serves as the Head of the Department of Surgery at the Royal Medical Services and holds the esteemed position of President of the Jordanian Society of Surgeons (JSS). With an MD from Baghdad University and certification from the Jordanian Board of General Surgery, he has proven expertise in the field. Dr. Alhrou completed a fellowship in HPB surgery at Heidelberg University, further enhancing his skills. He is also a member of the International Association of Surgeons, Gastroenterologists, and Oncologists (IASGO).

Ladies and gentlemen, esteemed guests, and colleagues,

Welcome to this distinguished surgical conference, where we gather to explore emerging problems and solutions in evolving surgical practice. It is an honor to stand before you as we discuss the ever-evolving field of surgery.

Surgery has made remarkable progress over the years, driven by innovation and the dedication of surgeons like yourselves. However, progress also brings new challenges that require our attention to ensure the best possible care for our patients.

In this conference, we aim to shed light on the emerging problems faced by surgical practitioners worldwide. We recognize the importance of identifying these challenges, understanding their root causes, and finding effective solutions.

One significant issue is the rapidly changing landscape of surgical technology. From minimally invasive procedures to robotic-assisted surgeries, new technologies offer exciting opportunities but also complex challenges. Integrating these innovations into practice demands careful evaluation, training, and awareness of their limitations.

The rise of surgical complications and adverse events is another critical concern. While surgery saves lives and improves outcomes, complications still occur. We must understand the underlying causes, implement preventive measures, and improve post-operative care to address this issue effectively.

Ethical considerations in evolving surgical practice are also of growing importance. As the boundaries of what is medically possible expand, we must ensure our actions are guided by patient autonomy, beneficence, and non-maleficence. Balancing innovation with patient safety and trust is paramount.

Challenges, however, present opportunities for progress. Our collective expertise and commitment to patient care will help us find innovative solutions. This conference provides a platform for sharing experiences, knowledge, and best practices, fostering collaboration among experts from various disciplines.

Let us engage in fruitful discussions, exchange groundbreaking ideas, and embrace innovation. Together, we can shape a brighter future in surgical practice.

Thank you for being part of this conference. Your presence and participation make this gathering extraordinary. I am confident that our efforts will lead to improved outcomes, enhanced patient experiences, and a stronger surgical community.

Thank you, and I wish you a productive and inspiring conference ahead!

سيداتي وسادتي الأعزاء، الضيوف المحترمين، وزملائي الأعزاء،

أهلاً وسهلاً بكم في هذا المؤتمر الجراحي المرموق، حيث نجتمع اليوم لاستكشاف المشاكل الناشئة والحلول في مجال الممارسة الجراحية المتطورة. إنه شرف لي أن أقف أمام هذه الجمعية المتميزة من المهنيين الذين يعملون في الصفوف الأمامية للتطورات في مجال الجراحة.

الجراحة قد شهدت تقدماً لافتاً على مر السنين، وذلك بفضل التقدم التكنولوجي والتفاني الذي يطبع جهود الجراحين مثلكم، ولكن مع التقدم تأتي أيضاً تحديات جديدة تستدعي اهتمامنا لضمان تقديم أفضل الرعاية لمرضانا.

في هذا المؤتمر، نهدف إلى رصد المشاكل الناشئة التي يواجهها ممارسو الجراحة حول العالم. ندرك أهمية تحديد هذه المشاكل وفهم جذورها وإيجاد حلول فعالة لها.

إحدى المشاكل الكبيرة هي التطور السريع في تقنيات الجراحة، فمن الجراحة القليلة التدخل إلى الجراحة المساعدة بالروبوت، تقدم التكنولوجيا الجديدة فرصاً مشوقة وتحديات معقدة، يتطلب دمج هذه الابتكارات في الممارسة تقييماً دقيقاً وتدريباً ووعياً تام بقدراتها وقيودها.

ارتفاع حالات المضاعفات والأحداث السلبية في الجراحة هو أيضاً مصدر قلق بالغ، على الرغم من أن الجراحة تستمر في إنقاذ الأرواح وتحسين النتائج، إلا أن المضاعفات ما تزال قائمة.

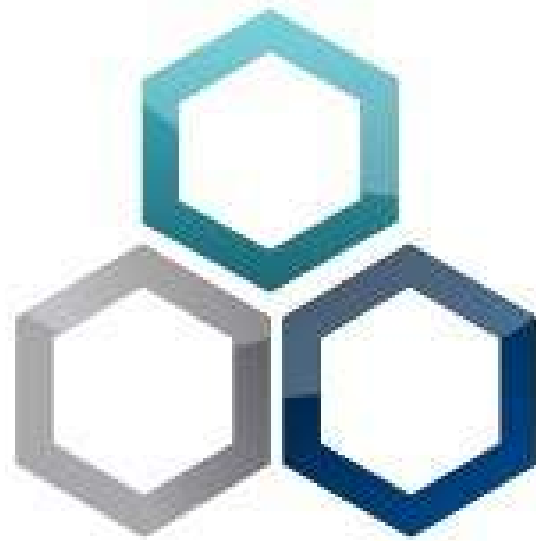

يجب علينا فهم الأسباب المؤدية لحدوث تلك المضاعفات وتنفيذ تدابير وقائية وتحسين الرعاية بعد الجراحة للتصدي لهذه المشكلة بشكل فعال.

تعتبر الإعتبارات الأخلاقية في الممارسة الجراحية المتطورة أيضاً من القضايا المهمة، مع توسع الحدود الطبية، يجب أن يكون تصرفنا مستنداً إلى حق المريض في تقرير مصيره الطبي ومبدأ الفعل الخيري وعدم إلحاق الضرر. يجب أن نجد التوازن المثلى بين التقدم وسلامة المريض وبناء الثقة بين الفريق الجراحي والمريض، ومع ذلك، يجب أن نرى التحديات كفرص للتقدم، إن خبراتنا المجتمعة والتزامنا برعاية المرضى سيساعدانا على إيجاد حلول مبتكرة.

يوفر هذا المؤتمر منبراً لمشاركة الخبرات والمعرفة وأفضل الممارسات، وتعزيز التعاون بين الخبراء من مختلف التخصصات، لنستغل هذه الفرصة للمشاركة في مناقشات غنية، وتبادل أفكار مبتكرة، وتعزيز روح الابتكار. معاً، يمكننا أن نصنع مستقبلاً أفضل لممارسة الجراحة، وتحقيق نتائج أفضل، وتحسين تجربة المرضى، وتعزيز الترابط في مجتمع الجراحين.

شكراً جزيلاً لكم على مشاركتكم في هذا المؤتمر، حضوركم ومشاركتكم الفاعلة تجعل هذا الحدث استثنائياً. أنا واثق من أن جهودنا المشتركة ستؤدي إلى تحسين النتائج، وتعزيز تجربة المرضى، وتقوية المجتمع الجراحي.

شكراً لكم، وأتمنى لكم مؤتمراً مثمراً وملهماً!

PROGRAM OVERVIEW

Thursday, 26 October

09:00-10:00	Opening Ceremony -Main Hall
10:00-11:45	Plenary Session I - Liver Transplantation – Main Hall
10:00-11:30	Parallel Session I Endocrine /Petra Hall – Second Floor
11:45-13:30	Plenary Session II - Hepatobiliary -Main Hall
11:45-13:30	Parallel Session II – Pediatric I /Petra Hall – Second Floor
13:30-14:30	Lunch Break
14:30-16:30	Plenary Session III – Trauma & Emergency I -Main Hall
14:30-16:30	Parallel Session III – Pediatric II /Petra Hall – Second Floor
16:30-16:50	Coffee & Tea Break
16:50-18:30	Plenary Session IV – Trauma & Emergency II -Main Hall
16:20-18:20	Parallel Session IV – Orthopedic /Petra Hall – Second Floor

Friday 27 October

08:30-10:05	Plenary Session V – Lower GI I -Main Hall
08:00-10:00	Parallel Session V – Thoracic I /Petra Hall – Second Floor
10.05-10:20	Coffee & Tea Break
10:20-12:15	Plenary Session VI – Lower GI II -Main Hall
10:15-12:10	Parallel Session VI – Thoracic II /Petra Hall – Second Floor
12:10-13:30	Prayer Time & Lunch Break
13:30-15:30	Plenary Session VII - Pancreatic -Main Hall
13:30-15:30	Parallel Session VII – Breast I / Petra Hall Second floor
15:30-15:45	Coffee & Tea Break
15:45-17:00	Plenary Session VIII Biliary -Main Hall
15:45-18:00	Parallel Session VIII – Breast II / Petra Hall Second floor
17:00-17:50	Plenary Session IX Hernia -Main Hall
20:00-23:00	Gala Dinner

Saturday 28 October

08:30-10:05	Plenary Session X – Education -Main Hall
08:30-09:55	Parallel Session X - Miscellaneous /Petra Hall – Second Floor
10:30-12:10	Plenary Session XI - Bariatric I -Main Hall
10:10-10:30	Coffee & Tea Break
12:30-14:50	Plenary Session XII - Bariatric II
10:30-12:00	Parallel Session I / Nursing Day -Petra Hall – Second Floor
12:30-14:30	Parallel Session II / Nursing Day -Petra Hall – Second Floor
15:00	Lunch

CREATING PREMIUM MINIMAL INVASIVE SURGICAL SOLUTIONS

Thursday 26 October 2023

10:00- 11:30 Plenary Session I - Liver Transplantation / Main Hall

Chairpersons : Abd Al Aziz Ziadat , Boris Yaremin , Sahm Alqsos.

L1	Moscow transplantation programs – milestones and perspectives. / 20 min.	Boris Yaremin.(Russia)
L2	1000 living donor liver transplantation signal center experience (Mansoura Egypt). /20 min.	Mohammad Abd Al wahhab (Egypt)
L3	Liver Paired Exchange from an Interdisciplinary Collaboration between Healthcare Professionals and Design Economists. Inonu University Experience" /20 min.	Sezai Yilmaz (Turkey)
L4	Computational Hemodynamics in Decision Support in liver transplantation / 15 min.	Bakhtiyar Kazymov_ (Russia)
L5	Liver Transplant Preservation and Evaluation /15 min.	Boris Yaremin, (Russia)
11:30 – 11:45		DISCUSSION

10:00- 11:30 Parallel Session I Endocrine /Petra Hall – Second Floor

Chairpersons : Ahmad Ghazal, Nader Al Bsoul, Hussein Alhusban.

L6	Thyroidectomy by scope. / 12 min.	Ahmad Omer Ghazal (Syria)
L7	Challenging cases in thyroid cancer./ 12 min.	Rita Batta (Palestine)
L8	Management of locoregional recurrent of well differentiate thyroid tumor. / 12 min.	Issa Mayyas (Jordan)
L9	Management of adrenal gland masses. / 15 min.	Abdel Hadi AL Breizat (Jordan)
L10	Hyperbaric Oxygen Therapy in wound care. / 15 min.	Ahmad Nayrouz (Kuwait)
O1	Spontaneous Adrenal Hemorrhage: A Case Report and Review of Literature./ 7 min.	Mousa Albraizat (Jordan)
O2	Castleman's Disease./ 7 min.	Ahmad Alazzah(Jordan)
11:30 – 11:45		DISCUSSION

11:45 –13:10 Plenary Session II - Hepatobiliary / Main Hall

Chairpersons : Mohammad Abd Al wahhab , Abdel Hadi AL Breizat, Alaa' Alzua'bi.

L11	Management of central cholangiocarcinoma. / 20 min.	Mohammad Abd Al wahhab (Egypt)
L12	Novel concepts of care for hepatocellular carcinoma. / 15 min.	<u>Kyamran Alekberov</u> , (Russia)
L13	Update in Colorectal liver metastases management, what to do and when to do. / 15 min.	Raed Al Jarrah (Jordan)
L14	Embracing the hope of life! by using the ALLPS Procedure to transform incurable colonic liver metastatic tumors into respectable one. / 10 min.	Abeer Jafar Dar Hasan (Palestine)
L15	Surgical management of enormous liver hemangiomas. / 15 min.	Abdel Hadi AL Breizat (Jordan)
03	Radiological manifestations of infective liver conditions. / 7 min.	Hamzah Al Hamadeen (Jordan)
04	Liver hemangioma (case report) ./6 min.	Husam Daoud (Jordan)
13:10 – 13:30		DISCUSSION
13:30 – 14:30		LUNCH BREAK

11:45 –13:20 Parallel Session II - Pediatric I / Petra Hall /second floor

Chairpersons : Mohammad Al Omari ,Ahmad Al Raymoony, Ibrahim Daradkeh.

L16	Advances in Neonatal Surgery/20 min	Ahmad Al Raymoony (Jordan)
L17	Diagnosis and Management of Renal duplications. / 15 min.	Paddy Dewan (Australia)
L18	Laparoscopic Surgical Management of Pediatric Esophageal Duplication Cysts. /15 min.	Zainab Al-Balushi (Sultanate of Oman)
L19	Anorectal anomalies - the importance of the mega rectum. / 20 min.	Paddy Dewan (Australia)
L20	Neurogenic bladder in children / 20 min.	Ibrahim Daradkeh (Jordan)
L21	Urethral obstruction: good management includes definition of the anatomy. / 20 min.	Paddy Dewan (Australia)
13:20 – 13:30		DISCUSSION
13:30 – 14:30		LUNCH BREAK

14:30 – 16:15 Plenary Session III – Trauma and emergency I / Main Hall

Chairpersons : **Kyamran Alekberov, Mahmoud Aloudat, Fayez Alhmoud**

L22	From One to Many: Mass Casualty. /online 20 min.	John H. Armstrong (USA)
L23	Principles of organizing emergency medical care in Moscow - inpatient emergency care complexes. / 20 min.	<u>Kyamran Alekberov</u> (Russia)
L24	Trauma System Changes and Elements of Success in Our Culture. /15 min.	Saud Al Turki (KSA)
L25	Trauma team, responsibilities and obstacles. / 15 min.	Mahmoud Aloudat (Jordan)
L26	Anticipation to Response: Extremity Compartment Syndromes./ online 20 min.	John H. Armstrong (USA)
L27	Transplantation technologies in emergency treatment of liver injuries. /15 min.	<u>Bakhtiyar Kazymov</u> (Russia)
	16:15 – 16:30	DISCUSSION
	16:30 – 16:50	COFFEE & TEA BREAK

14:30 – 16:20 Parallel Session III Pediatric II / Petra Hall /second floor

Chairpersons : **Ali Shoubaki, Imad Habaibeh, Rasem Kilani.**

L28	Vesicoureteric reflux – our expanding ignorance. / 20 min.	Paddy Dewan (Australia)
L29	One- stage total correction of ambiguity in infants & children Our experience at KHMC. / 20 min.	Ibrahim Daradkeh (Jordan)
L30	Bladder augmentation: don't waste spare parts. / 15 min.	Paddy Dewan (Australia)
L31	Complex hypospadias – made easy! / 20 min.	Paddy Dewan (Australia)
O5	Laparoscopic management of impalpable testis: A Single Center Experience / 10 min.	Salim masadeh (Jordan)
O6	Neonatal Huge Immature Retroperitoneal Teratoma: a case report. / 10 min.	Mohammed Almulaifi (Jordan)
	16:20 – 16:30	DISCUSSION
	16:30 – 16:50	COFFEE & TEA BREAK

16:50 – 18:25 Plenary Session IV – Trauma and emergency II / Main Hall

Chairpersons : Fayez Ayasreh , Basem Al Shareef, Atef Alnammourah

L32	Recent advances and personal experience on management of severe head injuries./ 15 min.	Fayez Obeid Ayasreh (Jordan)
L33	Non Operative Management of Solid Organs Injury / 12 min.	Basem Al Shareef (KSA)
L34	The dream of national trauma system in Jordan. / 12min.	Mahmoud Aloudat (Jordan)
L35	Improvement of the Emergency Medical Services in Jordan. / 10 min.	Yanal Ajlouni (Jordan)
07	Clinical characteristics and outcomes of In-hospital sudden cardiac arrest in Jordanian public hospitals. / 10 min.	Ahmad Alrawashdeh (Jordan)
08	Think Big Act Small , Pearls and Pitfalls in Pediatrics Trauma. / 10 min.	Leqaa' Raffee (Jordan)
09	Geriatric trauma: Initial evaluation and management. / 10 min.	Suhaib almistrarehi (Jordan)
010	Evolution trauma system in JRMS. / 10 min.	Mohammed Majed Hiasat (Jordan)
18:25 – 18:30		DISCUSSION

16:20 – 18:15 Parallel Session IV Orthopedic / Petra Hall /second floor

Chairpersons: Fadi Al Rosan, Yazan Hattar

L36	Acetabular fracture from preoperative management to rehabilitations, lessons that I learned./15 min.	Murad jwinate (Jordan)
L37	Updates in achilles tendon injury management. /15 min.	Abdullah Alkhawaldah (Jordan)
L38	Orthopedic management of polytrauma patients. /15 min.	Fadi AlRousan (Jordan)
L39	Damage control orthopedics. / 15 min.	Mahmoud Aloudat (Jordan)
L40	Approach to thoracolumbar junction fractures, treatment scheme in RMS./15 min.	Omar Bashmaf (Jordan)
011	Preoperative hemoglobin levels and mortality outcome after hip fracture patients. /10 min.	Mohammad. Alshrouf (Jordan)
012	Extensile lateral approach for treatment of posterolateral tibial plateau fracture improve exposure./10 min.	Laith K. Altarawneh (Jordan)
013	Preoperative and intraoperative risk factor for acute kidney injury after hip fracture surgery, a cohort retrospective study./ 10 min.	Abdelrahman Altarazi (Jordan)
014	Greater tuberosity fracture of humerus. Better understanding and updates in treatment modalities. /10 min.	Ghandi. Abaddi (Jordan)
18:15 – 18:20		DISCUSSION

Friday 27 October 2023

08:30 – 09:55 Plenary Session V – Lower GI I / Main Hall

Chairpersons :Amer Amirah, Fayez Dawoud, Wasfi Alsalaytah,

L41	Surgical Treatment of ODS and Internal Rectal Prolapse: The Transanal Approach. / Online 20 min.	Leonardo Lenisa (Italy)
L42	Squamous cell carcinoma of the anus. /15 min.	Ahmad Uraiqat (Jordan)
L43	Current Trends in Surgical Management of Rectal Prolapse. / Online 15 min.	Leonardo Lenisa (Italy)
L44	Management of rectal prolapse : single institution experience " Al Basheer Hospitals. /15 min.	Ghandy Amayreh (Jordan)
015	Enterogenous cyst of large bowel (retroperitoneal) Case report of rare case with literature review. / 10 min.	Ala'a Al-Abusat (Jordan)
016	Utilization of laparoscopic Surgery for Colorectal Cancer in Jordan: Results of Initial experience. / 10 min.	Osama Hamed (Jordan)
	09:55 – 10:05	DISCUSSION
	10:05 – 10:20	COFFEE & TEA BREAK

08:30 – 10:00 Parallel Session V Thoracic I / Petra Hall /second floor

Chairpersons : Nayef Frewan, Hani Alhadidi, Fawaz Khamash.

L45	Management of resectable stage III lung cancer. /15min.	Shadi Al hamouri (Jordan)
L46	Robotic assisted thoracoscopic surgery for lung cancer, khcc experience./ 15 min.	Riad Abdeljalil (Jordan)
L47	Lmplementation of a VATS segmentectomy program. / Online 15 min.	René Horsleben Petersen (Denmark)
L48	Teaching next generation VATS gery. / Online 15 min.	René Horsleben Petersen (Denmark)
017	Uniportal video-assisted versus open pneumonectomy: a propensity score-matched comparative analysis with short-term outcomes. / 10 min.	Samer Al Sawalhi (Jordan)
	10:05 – 10:20	COFFEE BREAK

10:20 – 12:05 Plenary Session VI – Lower GI II / Main Hall

Chairpersons : Haitham Rbeihat, Ahmad Uraiqat, Ghandy Amayreh.

L49	Rationale of suprapubic single-incision laparoscopic right hemicolectomy./ Online 20 min.	Giovanni Dapri(Italy)
L50	Organ preservation in rectal cancer. / 15 min.	Ahmad Uraiqat (Jordan)
L51	Laser in Anorectal Conditions./Online 20 min.	Peter Ambe (Germany)
L52	Trans-Anal Minimally Invasive Surgery: A Multipurpose Operation./ Online 15 min.	Giovanni Dapri(Italy)
L53	What lies behind anastomotic leak after colorectal surgery: On the way to understand the Root causes.(Review Article) / 15 min.	Haitham S. Rbeihat (Jordan)
018	Appendiceal Endometriosis a rare cause of abdominal pain: Case report with literature review./ 10 min.	Emad Aborajooch (Jordan)
019	Enhanced Recovery After Surgery./ 10 min.	Fadi Ma'aytah(Jordan)
12:05 – 12:15		DISCUSSION
12:10 – 13:30		

10:15 – 12:00 Parallel Session VI Thoracic II / Petra Hall /second floor

Chairpersons : Jamal Alaydi, Saed Alfaioumi, Alaa' Qayet.

L54	Decision to Incision: Penetrating Thoracic Trauma. / Online 15 min.	John H. Armstrong (USA)
L55	ERAS in thoracic surgery - evidence and guidelines. / Online 20 min.	René Horsleben Petersen (Denmark)
L56	Special cases in endo sympathectomy. / 15 min.	Ahmad Nasib Erksosy(Syria)
L57	Minimally invasive management of diaphragmatic hernia ,Al Bashir hospital. / 15 min.	Moayad Lamber (Jordan)
020	View on Thoracoscopic Giant Bullous Lung Resection. /10 min.	Mohamed Benkhayal (Libya)
021	Laparoscopic management of sternal wound dehiscence. / 10 min.	Hameed M. Jali (Libya)
022	Novel approach in removing embedded esophageal stent ,Al Bashir hospital. /10 min.	Moayad Lamber (Jordan)
023	Rib plating in trauma patients./ 10 min.	Samer Al Sawalhi (Jordan)
12:00 – 12:15		DISCUSSION
12:10 – 13:30		PRAYER TIME & LUNCH BREAK

13:30- 15:20 Plenary Session VII - Pancreas / Main Hall

Chairpersons: Ali Dabbous, Raed Taim, Mohammad Alkofahi,

L58	Pancreas- preserving partial duodenectomy /Online 20 min.	Horacio Asbun (USA)
L59	Rare indications for Whipple procedure, our experience at Makassed hospital. / 15 min.	Omar Abu-Zaydeh (Palestine)
L60	Small Neuroendocrine tumor of the pancreas :to cut or not. / 15 min.	Nabil Chehadeh (Lebanon)
L61	Laparoscopic Whipple procedure. /Online 20 min.	Horacio Asbun (USA)
L62	Acute pancreatitis. A disease that cannot be cured. / Online 20 min.	Severtsev A. (Russia)
L63	Endovascular treatment of GI bleeding in patients with covid-19. Two-years clinical experience of the City Clinical Hospital. /Online 20 min.	Valery vetcherko (Russia)
15:20 – 15:30		DISCUSSION
15:30 – 15:45		COFFEE & TEA BREAK

13:30 – 15:15 Parallel Session VII – Breast I / Petra Hall Second floor

Chairpersons : Ghadah Hamid Najm, Basel Alhunaity.

L64	Extreme oncoplasty. / 20 min.	Hasan Karanlik (Turkey)
L65	The Arts Of surgical Oncology. / 15 min.	Basel Alhunaity (Jordan)
L66	Chest Wall Perf flaps An overview. / Online 15 min.	Amit Agrawal (UK)
L67	Extending the role of chest wall perforator flaps in breast surgery: A single institution experience. / 15 min.	Saleh Al Habahbeh (Jordan)
L68	Diversity of Breast Oncoplastic Surgery And patients Demand. / 15 min.	Anas Abu Rumman (Jordan)
L69	Changes in Breast Cancer Management and the Future of Sinology./ Online 20 min.	Vahit Özmen' (Turkey)
L70	Breast Cancer Phobia Assurance vs Breaking Bad News: The Role of The Surgeon. / 15 min.	Ghadah Hamid Najm (Iraq)
15:15 – 15:30		DISCUSSION
15:30 – 15:45		COFFEE & TEA BREAK

15:45- 16:52 Plenary Session VIII Biliary / Main Hall

Chairpersons: Anas Aljaiousi, Raed AL jarrah.

L71	Prevention and management of bile duct injuries. / Online 20 min.	Horacio Asbun (USA)
L72	Illuminating Safety in Robotic Cholecystectomy to Prevent Bile Duct Injuries with Indocyanine Green Fluorescent Cholangiography: The Initial Experience at Cleveland Clinic Abu Dhabi. / Online 12 min.	Suleiman Al-baqain (UAE)
L73	Critical view of safety: An essential component for safe laparoscopic cholecystectomy A single Regional Hospital experience in Sultanate of Oman. / 12 min.	Mohamed Yassin Mohamed Ali (Sultanate of Oman)
L74	Incidence, treatment, outcomes, and preventions of Donor Biliary Complications./ 12min.	Ali Aloun (Jordan)
L75	Three Trocars procedure for laparoscopic cholecystectomy / 12 min.	Mohammad Alkilani (Italy)
	16:52 – 17:00	DISCUSSION

15:45 – 17:45 Parallel Session VIII – Breast II / Petra Hall – Second Floor

Chairpersons: Hasan Karanlik, Suleiman Alhourani, Saleh Hababbeh.

L76	Axillary approach after Neoadjuvant chemotherapy. / 20 min.	Hasan Karanlik (Turkey)
L77	Mammoplasty - An overview./Online 15 min.	Amit Agrawal (UK)
L78	Axillary Management in Breast Cancer. / 20 min.	Enver ÖZKURT (Turkey)
L79	The Male Breast Cancer. / 13 min.	Basel Alhunaity (Jordan)
024	Management of axilla in the post. neoadjuvant setting. / 10 min.	Mohammed Al- share'e (Jordan)
025	Challenges of breast cancer diagnosis in the middle east named "Are we dealing with the same monster?" / 12 min.	Rafal Iskanderian (UAE)
026	Positive Contralateral Axilla ,What to do? / 10 min.	Dana Al-Mohtady (Jordan)
027	Axillary radiotherapy in selected patients with a preoperative diagnosis of lymph node involvement is a safe alternative to axillary lymph node dissection./ 10 min.	Hamza Al kharabsheh(Jordan)
028	Lesions of Uncertain Malignant in the Breast. How to Manage?./ 10 min.	Hebah Alsahiem (Jordan)
	17:45 – 18:00	DISCUSSION

17:00- 18:05 Plenary Session Hernia IX / Main Hall

Chairpersons : Ayman Alsunaa', Osama Alsafarini.

L80	Pitfalls and Complication of Laparoscopic Inguinal Hernia./Online 15 min.	Alfredo Guerron (UAE)
L81	Laparoscopic Groin Hernia Repair; Secondary care hospital experience in Sultanate of Oman. / 15 min.	Tariq Wahab Khanzada(Sultanate of Oman)
029	Management of incarcerated/strangulated groin hernias in adults./ 15 min.	Minas Karaminassian (Lebanon)
030	Successful reconstruction of giant ventral hernia using tranversus abdominis muscle release technique with skin flap case report / 10 min.	Ayman Altareefi (Palestine)
031	Incisional hernia repair, laparoscopic or open surgery? Case report ./ 10 min.	Ramadan Alhasanat (Jordan)
18:05 – 18:20		DISCUSSION

End of Day Two

EZISURG MEDICAL

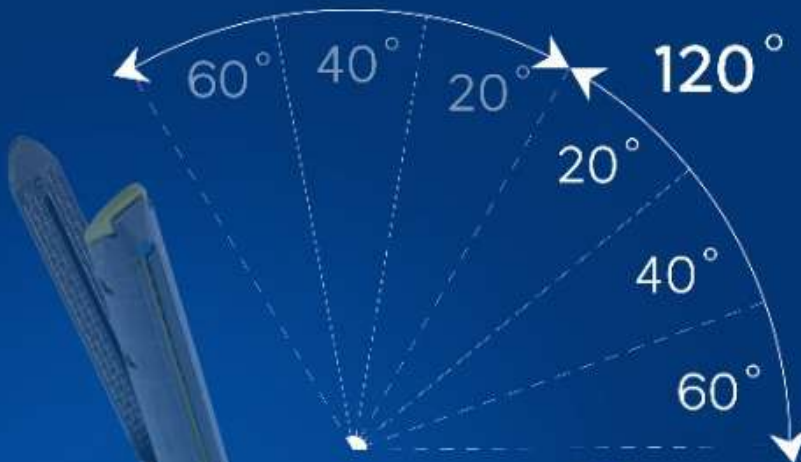

easyEndo™ Universal

120° Active Articulation

Consistent Staple Formation

Ergonomic Design

A 120° degree of articulation gives you the freedom to manipulate your stapler and position it where you prefer.

PERFORMANCE SUMMARY

Voyant System's Intelligence

The energy device that *learns* from you
and *evolves* with you

Saturday 28 October 2023

08:30 – 10:05 Plenary Session X – Education / Main Hall

Chairpersons : Mustafa Steitieh, Khaled Almufraji.

L82	Criteria for setting an Objective Structured Clinical Examination (OSCE) Station in General Surgery Speciality./ 20 min.	Mohammed Kamil Mohammed (Iraq)
L83	Endoscopy for the general surgeon , why it matters. / Online 15 min.	John Rodriguez (UAE)
L84	Metaverse and The Future of Medical Education. / 15 min.	Saud Al Turki (KSA)
L85	Quality in surgery. Taking care of patients the right way. /Online 15 min.	John Rodriguez (UAE)
L86	Advancements in Surgical Education and Resident Evaluation: Best Practices in General surgery department / 15 min.	Sufian Alkhateeb (Jordan)
L87	Treating Pseudomonal surgical Infections in the era of Antibiotic resistance / 20 min.	Muntaser Balbesi(Jordan)
	10:05 – 10:10	DISCUSSION
	10:10 – 10:30	COFFEE & TEA BREAK

08:30 – 09:55 Parallel Session X Miscellaneous / Petra Hall – Second Floor

Chairpersons : Mohammad Alkilani, Mohammed Maree, Anwar Nweiri

L88	Laparoscopic Left Partial Nephrectomy in T2 RCC. / 15 min.	Mohammad Alkilani (Italy)
L89	Management of Fournier's Gangrene./15 min.	Riad Zaghloul (Lebanon)
032	Median Arcuate Ligament Syndrome Palestinian experience of Laparoscopic decompression. / 15 min.	Mohammed Maree (Palestine)
033	Navigating the Diagnostic Puzzle: Appendicitis in Patients with Normal White Blood Cell Count. / 10 min.	Mohamad Atiyat (Jordan)
034	Vasculo-Behçet& Disease with A Giant Pseudoaneurysm of Superficial Femoral Artery: A case report./ 10 min.	Mohammad. A. Al-doud (Jordan)
035	Ultrasound-guided Thrombin Injection for Iatrogenic Femoral Artery Pseudo aneurysm. / 10 min.	Anas N. Al-Nusairat (Jordan)
036	Cleidocranial Dysplasia in a 13 years old boy with severe delayed eruption of teeth: Management at the dental department at Al-Bashir Hospital. A Case Report./ 10 min.	Iman Alswaiti (Jordan)
	09:55 – 10:10	DISCUSSION

10:30 – 12:10 Plenary Session XI - Bariatric I Surgery / Main Hall

Chairpersons : Karl Miller, Hussein Shammout, Ramadan Alhasanat.

L90	Do we need “New Guidelines for Bariatric/Metabolic Surgery? / 20 min.	Karl Miller (Germany)
L91	Management of Weight regain in RYGB and Sleeve Gastrectomy./Online 15 min.	Alfredo Guerron (UAE)
L92	Laparoscopic Conversion of Roux-en-Y Gastric Bypass to Original Anatomy for Complications after Bariatric Surgery. / Online 15 min.	Giovanni Dapri (Italy)
L93	Bariatric surgery in adolescent age group. /15 min.	Haider ALRamahi (Iraq)
037	Sutureless RY Bypass./ 10 min.	Mohammad Al Rashdan (Jordan)
038	Enhanced recovery after surgery in bariatric and metabolic surgery Guidelines and Updates. /10 min.	Mohammad .N. Alhuniti (Jordan)
12:10 – 12:30		DISCUSSION

12:30 – 14:50 Plenary Session XII - Bariatric II Surgery / Main Hall

Chairpersons :, Wael Alna'asan, Ali Sarira, Tareq Atayeh.

L94	“Why do some Bariatric Surgeons have better surgical outcomes than others?” / 20 min.	Karl Miller (Germany)
L95	Management of GERD post Bariatric Surgery . / Online 20 min.	Alfredo Guerron (UAE)
L96	Evaluation of weight loss after Single anastomosis sleeve ileal Bypass (SASI) and One-anastomosis gastric bypass (OAGB): A comparative study./15 min.	Sami Salem (Jordan)
L97	Endoscopic Management of bariatric surgery complications : Experience and outcomes at the Tertiary Referral Center at Abu Dhabi/Online20 min.	Juan Barajas-Gamboa (UAE)
L98	Special consideration preoperatively in bariatric surgery / 10 min.	Huda Khreisat (Jordan)
039	Lap distal pancreatectomy in the setting of bariatric surgery / 10 min.	Osama Dhamrah (Jordan)
040	The impact of extended anti-thrombotic regimen after bariatric surgery on thromboembolism phenomenon./ 10 min.	Sahel Haddadin (Jordan)
041	Video presentation Endoscopic Removal of gastric Band / 10 min.	Sami Salem (Jordan)
042	Effect of Bariatric Surgery on Obesity related comorbidities among Yemeni Patients in 2022. / 15 min.	Tofik Almekhlafe (Yemen)
043	Body contouring after bariatric surgeries in Jordan: Awareness, prevalence, and challenges: A multicentric cross-sectional study/ 10 min.	Yazan Jaber (Jordan)
14:50 – 15:00		DISCUSSION
3:00		LUNCH

10:30 – 12:00 Parallel Session I Nursing Day / Petra Hall /second floor

Chairpersons : Muna Alshareef, Zakarya Abdelraheem, Salsabela Abu Abed. / Each Talk 16 min.

044	Our Children and the Incorrect use of Antibiotics	Muna Alshareef (Jordan)
045	Breast Cancer is the most Frequently Diagnostic and the leading cause of cancer Death of Women	Rima Mahmoud (Jordan)
046	Symptom Burden Among Patients with Chronic Kidney Disease in the Pre-Dialysis Stages in Jordan	Dua'a De'mes (Jordan)
047	Complete Decongestive Therapy Effect on Breast Cancer Related to Lymphedema A systemic Review and Meta-Analysis of Randomized Controlled Trials	Shaima'a Shamoun (Jordan)
048	Endoscopic Management of Variceal Bleeding.	Ahmad Al Hamed (Jordan)
12:00 – 12:30		DISCUSSION

12:30 – 14:30 Parallel Session II Nursing Day / Petra Hall /second floor

Chairpersons : Hasan Yousef, Suzan Harb, Dua'a De'mes.

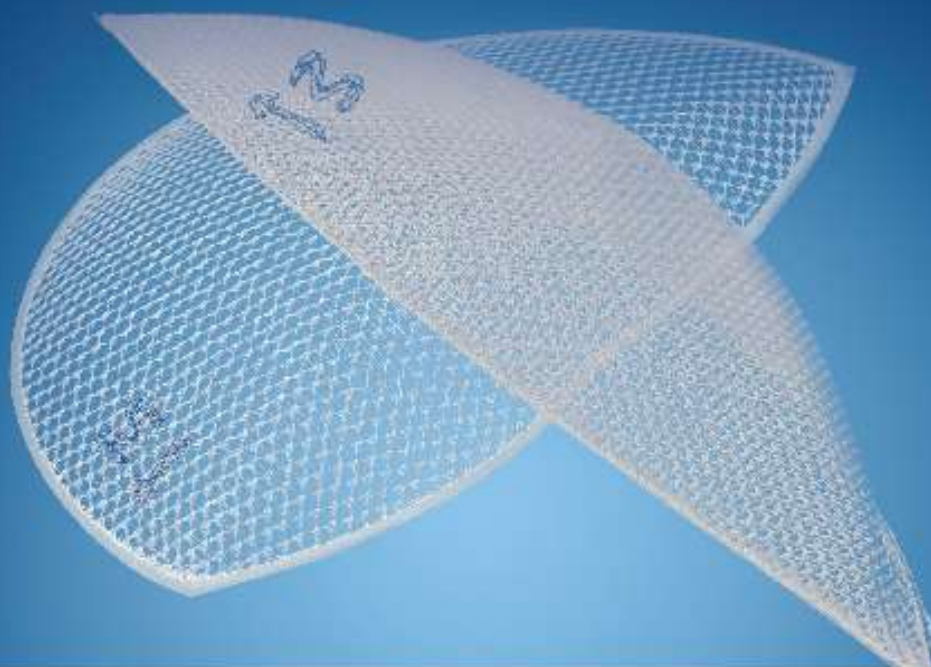

049	Electrosurgical Burn (Fema Rewiew)	Mohammad A'meerah (Jordan)
050	منع وضبط العدوى في أماكن تصوير المريض	A'la'a Hamdan (Jordan)
051	Infection Control Practice and Organization Culture are Integral Dimensions of Clinical Nursing	Suzan Harb (Jordan)
052	Breaches in the OR (Perioperative infection Prevention Challenge)	Suhad Ibrahim (Jordan)
053	Preoperative Bathing , the need for new Solutions	Zakarya Abdelraheem (Jordan)
054	شريان القسطرة القلبية	Ghassan Aldayyat (Jordan)
11:30 – 12:00		DISCUSSION

End of Day Three

A 3D-shaped Fixation-free Mesh for Laparoscopic Approaches such as TAPP, TEP, and Robotic TAPP

3DMax™ & 3DMax™ Light Mesh

A true three-dimensional, anatomically formed mesh for use in laparoscopic inguinal hernia repair

Weck Hem-o-lok
Take Apart Appliers
Unparalleled Ligation System

MiniLap
Percutaneous Surgical System
Less Trauma

Weck EFX Shield
Fascial Closure System
Safety and Speed in Closure

We'll put our numbers up against anyone.
Weck Hem-o-Lok Polymer Ligation Clips

2-16 mm
clip sizes

10+
years collaborating with
the VIVO Surgical System

70+
peer-reviewed articles in support
of Weck Hem-o-Lok Clips™

MILLIONS
of patients worldwide

Poster Session

P1	Isolated crohn's disease in thle appendix.	Ali Theyab (Jordan)
P2	Pain control in adults following Tonsillectomy: Comparative effect of Paracetamol, Diclofenac or their combination	Abdelrazzaq Arrefo (Jordan)
P3	Ileal perforation caused by the migration of a biliary stent is a rare complication that can occur during endoscopic stent placement for benign or malignant biliary tract diseases.	Ahmed Alazzah (Jordan)
P4	Acute Scrotal Abscess After Laparoscopic Surgery for Perforated Appendix	Taher Abuhamdan (Jordan)
P5	The effectiveness of locally prepared topical Glyceryl Trinitrate (GTN) & Diltiazem creams in successfully treating symptomatic anal fissures	Omar Mansour (Jordan)

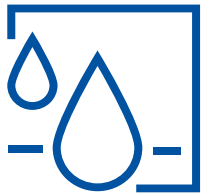

Note: Poster format: 48" high x 36" wide (121.92 x 91.44 cm).

Medtronic

Reliable stapling performance.

Greater perfusion allowed into the staple line^{1,†}

Less stress during compression and clamping^{2,3,†}

The right reload.
Everytime.

The new ECHELON CONTOUR Curved Cutter Designed to minimize leak pathways^{1*}

The same innovative **3D Stapling** and **Gripping Surface technologies** used on the ECHELON CIRCULAR Powered Stapler

GST

Gripping Surface Technology GST

Designed to deliver less compressive forces²

3D

3D Stapling Technology with offset closure of the staple legs:

Designed to evenly distribute compression throughout the staple line, potentially limiting leak pathways¹

Gentle tissue handling, while providing a strong staple line.^{3†}

Finite element-based computational simulations (FEA) on simulated porcine tissue measuring tissue compression after approximation and staple formation, comparing average standard deviation of 5.481 for 2D staples to 5.109 for 3D staples (n=37, p=0.05).

Benchmark testing in porcine colon comparing mean compression load of 22.35 lbf (n=32) for ECHELON CONTOUR to 32.56 lbf (n=30) for CONTOUR (p=0.05).

Benchmark testing in porcine tissue for GC540B and GC540G: 0.9 reliability at 90% confidence on indicated tissue for each reload. Design verification of staple line integrity.
